- Sales initiated in Germany during spring 2016

Company History

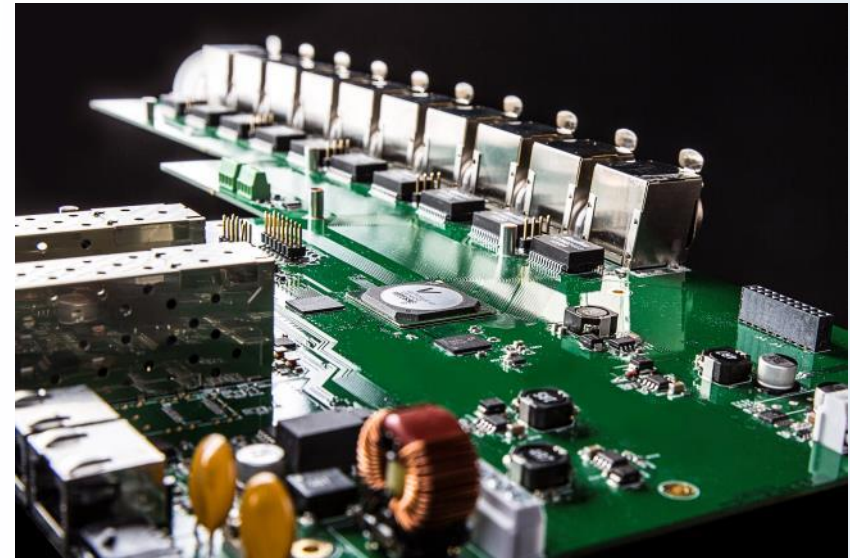

Product Areas

- **Electrosystem**
 - Production and supply of cable harnesses, power cables, electrical cabinets, panels and control boxes
- **Electronics**
 - Production and supply of PCBs and complete assembled products based on electronics
- **Cab**
 - Development and assembly of complete cabs for special vehicles
- **Mechanics**
 - Production and supply of sheet metal based products
- **Development**
 - Product development and engineering services taking your product from idea to production
- **Rimaster products**
 - Development and production of own products focused towards special vehicles

Market Segments

- Our target customers are industrial OEMs with a need to focus on their chosen part of the value chain
- We focus on the segments
 - Special Vehicles
 - Material handling
 - Mining & Construction
 - Forest & Agriculture
 - Industrial Systems
 - Automation & Control systems
 - Communication systems
 - Renewable energy

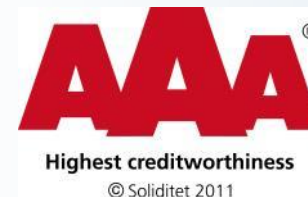

Full Range Customers

Awards & Certificates

- Atlas Copco, Underground Rock Excavation
 - *Class A Supplier*, April 2013
- Väderstad-Verken
 - *Certified Supplier & Quality Award*, March 2013
- BT Europe
 - Toyota Material Handling
 - *Certified supplier*, April 2012

Total	Approx. 925

Rimaster Electrosystem - Rimforsa, Sweden

- Sales office for Nordic customers
- Electrical systems
 - Cable harnesses
 - Cabinets and panels
 - Power cables
- System integration
- Small orders and spare parts support
- Logistic center

Rimaster Development - Söderhamn, Sweden

- Sales office for Nordic customers
- Electrical systems
 - Cable harnesses
 - Cabinets and panels
- Electronics
 - SMT and PTH
 - AOI and functional test
 - Final assembly
- System integration
- Small orders and spare parts support

Rimaster Cab & Mechanics - Horn, Sweden

- Cabs
 - Customer adaptations
 - Design and production of riCab
 - Final assembly
- Mechanics
 - Laser cutting, press braking and welding of sheet metal
- Development
 - Mechanical design

Rimaster Poland - Czaplinek & Borne, Poland

- Our main production plant
- High and medium volume production for European customers
- Electrical systems
 - Cable harnesses
 - Cabinets and panels

Rimaster Ningbo - Ningbo, China

- Produce and supply to Rimaster's global customers in the Chinese market
- Stable products in high volume for European market
- Electrical systems
 - Cable harnesses
 - Cabinets
- Sourcing channel for the total group from China
